

## WILDCAT TRACK SQUAD SWAMPS MOUNTAIN TEAM

Big Blue Takes First Place in Every Event Except High Hurdles

JOHNNY MAINS SETS NEW SHOT PUT MARK

Kercheval Wins Three Firsts and a Third Place for High Point Honors

By DELMAR ADAMS  
Taking first place in every event, save one, the Wildcat Track team defeated the Berea Mountaineers 101½ to 29½ Wednesday afternoon on Stoll field. To further add to the triumph of the day Johnny Mains set a new university record in the shot put, by heaving the big ball 43 feet, 3½ inches.

The victory was the second for the Cats before the homefolks and they showed decided improvement over their first appearance here. The mile and half-mile runs were the most interesting events on the day's card as Berea sent a boy named Dodson to run these events and he fairly burned up the track in the first two laps of the mile and continued to hold the lead until the backstretch, when Howard Baer, Big Blue speed star, came from behind with his usual burst of speed and won the race. O'Bryant finished just a step or so behind the pace-setter. The time for the first half in the mile run was 2:11, which is exceedingly fast time.

The Blue and White started out by taking all three places in the 100-yard dash. Even with the "Shipwreck" out of commission Hieber, Hubble, and Ball were five yards in the van and won going away in the good time of :10.2. With but two entrants in the 220 the Cats again scored first and second as Ball, leading the entire way, breezed to an easy win with Johnny Hieber second and Wintie of Berea third.

Carter, sophomore quarter-miler, showed brilliant form to take the 440 by a nose from his team mate Ed Milliken. He led the entire way and finished well just a half-inch in front of his comrade. Evans of Berea ran a nice race, but could not stay with the brilliant Kentuckians.

Dodson took the lead in the 880-yard run and held it until the backstretch when both Mahan and Captain "Jake" O'Bryant of Kentucky breezed past him, and O'Bryant, in a furious sprint, beat Mahan to the tape. The time was 2:07.

Baker and Hocker won as they pleased in the two-mile run, having very little opposition from the Mountaineers. Baker won the race from Hocker by a few steps, with Combs of Berea finishing third. Four Berea men entered the long grind, but only two were able to finish.

Kercheval took three first places and one third to score 16 points and carry away high scoring honors for the afternoon. He won the low hurdles, javelin throw and broad jump, and was tied in the 120-yard high hurdles.

The high hurdle race was the only event in which the visitors could score a first, as Evans, versatile Berea performer, took the last hurdle at the same time as the Big Blue hurdlers and beat them to the tape; Emmerich and Kercheval finished second and third.

Carl Hand seems to have inherited some of the bad luck that trailed Don Williams, last year's low hurdling ace, as he has been in the lead in several races this year, only to turn his ankle lighting from the last barrier. Wednesday he duplicated his bad luck act and with the race practically sewed up, turned his ankle on the last hurdles, stumbled and fell. Kercheval eked out a decision over Wyatt of Berea, with White, of Berea, third. Kercheval, starting out the season as a javelin thrower, has become a finished hurdler.

## GESS WILL SPEAK AT CONVOCATION

Former University Student and Track Star To Give Address in Memorial Hall May Day

William Gess, former university student and star trackman, has been asked to speak at the last convocation of the year which will be held at 10 o'clock May 6 in Memorial hall under the auspices of SuKy, student pep organization. Ted Cassidy, president of SuKy, will preside and introduce the speaker.

The program committee, which is headed by Neil Dishman, is planning an elaborate program for the occasion. At this time announcement of the Sullivan Medal winners will be made. In addition students who have been selected as pledges for Mortar Board will be announced for the first time. Musical entertainment will be provided by Prof. Abner Kelley at the organ. Arrangements are being made to get the university glee club to sing for the affair.

School will be dismissed at 10 o'clock for the remainder of the day, according to official announcement of university authorities.

## Collegiate Flair and Gaiety Marks Strollers' Comedy

By ALAN NORREH

Dissipating rumors of incompetence and supplying in collegiate flair and gaiety the wants of a finished performance, Strollers, presenting "Good News," Wednesday night at the Woodland auditorium, provided undoubtedly the liveliest and probably the most entertaining production given by an amateur group in recent years. Approximately 700 students and townspeople attended the performance.

The musical comedy by Laurence Schwab and B. G. DeSylva, selected by the dramatic organization was directed by Hugh Adcock. A variety of bubbling songs, lingering tunes, brilliant settings, and multi-colored costumes lent spirit to the staging and typified effectively the youthful buoyancy, glamor, and unrest of a college scene.

The small college campus of Tait, a co-educational school, furnishes the background for the action which swirls scintillatingly about an eccentric orbit of stars, both football and heavenly. Tom Marlowe, football captain and campus idol, Tait's one hope in the Big Game of the season, so outshines himself with the campus belles, especially one, Patricia Bingham, and on the gridiron that he gets into scholastic difficulties with his astronomy professor, Charles Kenyon. An astronomy quiz scheduled before the game is to decide his athletic eligibility.

Searching for a last-minute tutor the football star asks Patricia to aid him, but she, unwilling to eschew her social activities even for the sake of Tait and her supposed sweetheart, proposes her cousin, Connie, as a substitute. While attempting to study astronomy the two fall in love and it is only the youthful heart of the sour-appearing Professor Kenyon that saves Marlowe from deserved failure.

Tom has promised to wed Patricia if he wins the game and honorably turns away from his new-found love to earnestly but half-heartedly take part in the contest.

However, in the last few minutes of play as he is nearing the goal line for what should prove to be the winning touchdown, the forlorn lover inadvertently fumbles and by a quirk of chance Bobbie, the inexperienced substitute, manages to gain the winning points. Tom is thus free to marry Connie, and all is well.

Two outstanding performances of the night were contributed by Paul Williams, the frivolous substitute, and by Louise Johnson, as Flo, the freshman girl. Williams, rotund and jolly, was truly fitted for his comedy lines, and Miss Johnson, with sly but contagious smile and husky voice led the chorus with so much vitality and stage presence as to appear professional.

The well-modulated voice of Mary Stewart Blackwell, as the college belle, and her assured and bland matter-of-factness left little doubt to the audience that in pajamas or evening dress, at football game or formal dance, she was the queen of the college.

Kercheval nicely carried the part of the robust college hero and Elizabeth Jones was essentially demure and appealing and a most convincing Connie. Parry Kraatz, the most experienced of the actors, was admirably suited for the professional role. His mincing step and wizen face hardly could have been played better.

Comedy hits were provided by the slow moving and superstitious "Pooch," John Epps and Alice Jane Howes as Babe O'Day, a vivacious and irresponsible sophomore girl. Tom Phipps, as the leather-skinned, two-fisted "Beef" Saunders furnished laughter with his every swaggering and untimely appearance. Phil Ardery, the duped freshman, Sylvester, and William Luther, the worried coach, played well.

The between act interpolations were especially lively by the dancing and singing of Sam Langfitt, Marjorie Powell, Wildan Thomas, and Eugene Hinman. Langfitt's interpretative dance of an inebrate was absurdly humorous.

The choruses performed excellently. Georgian Weeden coached both the boys and girls in their steps. (Continued on Page 4)

## Prof. H. E. Slaughter Will Address Two Lexington Groups

Prof. H. E. Slaughter of the University of Chicago will be the speaker at the meeting of the University of Chicago club of Lexington, at 8 o'clock Saturday, in the Faculty club room. His subject will be "The New Educational Plans of the University of Chicago." All former students of the University of Chicago are invited to attend this meeting.

At 3 o'clock on Saturday Professor Slaughter will be the speaker at the meeting of the Woman's club of Central Kentucky at the Lafayette hotel. The subject of his address is, "How Mankind Learned to Count." The members of the department of mathematics and physics have been invited as guests of the Woman's club.

There are 30 former students of the University of Chicago in the faculty of the university. The officers of the local University of Chicago club are: Prof. O. T. Koppfus of the department of physics, president; and Mrs. Amory Vandenberg, secretary.

## McVEY TO SPEAK AT GRADUATION

Commencement Date is June 6th; Baccalaureate Speaker Not Yet Chosen

DEGREES TO BE GIVEN

Pres. Frank L. McVey will be the speaker at the commencement exercises which will be held Monday, June 6. No definite plans have yet been released regarding the program except the appointment of various committees.

Prof. Louis Roberts of the Law college is in charge of all plans for the commencement day, and the decorating committee is composed of Prof. Elizabeth LeStouffon of the mathematics department, Mrs. E. M. Giles, director of Boyd hall, and Prof. Rinty Barnett, College of Engineering.

The date for the baccalaureate sermon has been set for Sunday, June 5, no speaker having been chosen. Dean Sarah A. Blanding is in charge of the committee to choose the speaker.

Prof. Ezra Gillis, registrar, is in charge of the printing of all programs for the exercises.

Two honorary degrees will be awarded at this commencement, the board of trustees decided at a recent meeting. The number of bachelor degrees to be bestowed could not be ascertained from the office of the registrar due to the uncertainty of students completing their work this semester. A large number of masters degrees have been applied for but, as these are not due until next week, figures on this could not be obtained.

Last year's commencement address was delivered by Louis Dykstra, city manager of Cincinnati. This will be President McVey's first commencement address delivered to a class graduating from the university.

## Prof. J. W. Martin Attends Conference

Research Council Will Treat Several Social Problems

Professor James W. Martin, of the College of Commerce, left last night for Washington, where he will attend a conference of the Social Science Research Council, Saturday.

The conference will deal with Research in Southern Taxation, a Southern Regional Study, and a Study of Southern Corporate Organization of Colleges and Universities. The latter two projects are older and have already been accepted by the council and put on a sound financial basis. Professor Howard W. Odum, of the University of North Carolina is in charge of the southern regional study, and Professor Wilson Gee, of the University of Virginia is in charge of the Southern Corporate Organization of Colleges and Universities.

The problem of research in southern taxation is still in a preliminary state, and has yet to be developed. Professor Martin of the university is now in charge of it. He said that they were attempting to condense the five year plan for research in public finance into a more concentrated three year plan, but that the work accomplished would be essentially the same.

This Washington conference is an outgrowth of a meeting of the southern regional committee, which met at Tuscaloosa, Ala., about a month ago, at which Professor Martin made a report of the "Text Research Project."

## Sulzer Will Organize Summer School Band

A summer school band will be organized the first semester of summer school, and will present concerts at 7:15 o'clock each Wednesday night in the Memorial hall amphitheater, according to an announcement of present plans by Prof. Elmer G. Sulzer, director of the university bands.

The band, organized during the summer school session will be open to both men and women, and credit will be given for the work. Rehearsals will be held five days each week. All appearances of the band will be concert programs and will not include marching.

This class in band instruments has been organized to meet the requests of music and band directors throughout the state who attend the university during the summer session.

## NEW BOOK ON OCCUPATIONS

For the student who is interested in selecting a life work there is now available in the personnel office, room 301, Neville hall, an excellent new book on occupations for college men, prepared by the personnel department at Yale University. It provides both a scheme for self-analysis and information concerning over 60 occupations open to college graduates.

## TWENTY COLLEGE MEN'S COUNCIL DELEGATES MEET

Representatives of 12 Schools of the South Are Assembled

LEROEY IS PRESIDENT OF STUDENT BODY

President McVey Will Deliver Welcoming Address at First Session

Approximately 20 delegates representing 12 southern colleges and universities are here to attend the 11th annual convention of the Federation of Men's Student Councils which will be held today and tomorrow at the university. Ben Leroy of this university, and president of the Federation, will preside at the convention.

Registration of the delegates was held yesterday in the office of the Dean of Men in the Administration building, which was followed by a dinner in the Iris room of the Phoenix hotel. A theater party, given by the Kentucky theater, was the concluding event of the program for the day.

Dr. Frank L. McVey will formally open the convention with a welcome address at 9:45 o'clock this morning in the university library. This will be followed by a response from Clarence Glover, Birmingham Southern college, and other speeches by Gordon Finley, President of Men's Student council of the university, Dean C. R. Melcher, and C. E. Brake, North Carolina State College, upon subjects relating to student government in institutions. The afternoon session, which will be held in room 209, McVey hall, will feature addresses by William F. Penney, Tulane University; Prof. M. E. Potter of this university, and one by a delegate from Georgia School of Technology.

At 3 o'clock the convention will adjourn in order to allow the delegates to attend the tennis exhibition of William Tilden and his troupe at the university tennis courts. Members of Omicron Delta Kappa will sponsor an informal dinner dance for the delegates to be held from 7 to 10:30 o'clock that evening in the Gold room of the Lafayette hotel.

The program for Saturday will be opened with an address by Dr. W. D. Funkhouser of the Graduate school, and will be followed by an address by Lt. Col. O. R. Meredith. At 11:15 o'clock there will be a business meeting at which officers for the coming year will be elected.

Saturday afternoon the delegates will be the guests of Omicron Delta Kappa on a tour through the Bluegrass, and will visit prominent stock farms and Dix dam.

## AGRICULTURISTS ELECT OFFICERS

Block and Bridle Chooses Officers of Coming Year at Regular Meeting Monday Night

Block and Bridle club elected new officers at a meeting 7:30 o'clock Monday night, April 25, in the Agriculture building. Officers elected were H. E. Rothwell, president; Thomas Quisenberry, vice-president; Lee Evans, secretary; Wendell Howard, treasurer; and J. R. McCord, marshal.

Plans were made for the livestock judging contest to be held Saturday afternoon, April 30, on the experiment station farm. Silver loving cups will be awarded to the freshman and the upperclassman making the highest score, and a gold medal will be given to the member of Block and Bridle having the highest score. Various well-known farm magazines subscriptions will be awarded winners in each class.

Plans for the annual Block and Bridle banquet, to be given May 2, were discussed. The banquet will be held at 6:30 o'clock at the Teacup Inn. Dr. J. T. C. Noe, College of Education, will be the chief speaker, and the new president of the club will preside. Faculty members of the Agricultural College acting as judges in the livestock judging contest will attend.

Retiring officers of Block and Bridle are Scott McClain, president; Malcolm Lyons, vice-president; Robert Davenport, secretary; Errel B. Little, treasurer; Noble Bailey, marshal.

## French Club Meets To Choose Pledges

The university French club met at 3 o'clock Wednesday afternoon in Patterson hall for the purpose of selecting pledges to be formally initiated May 4. Miss Sarah Turner presided at the meeting.

Students who were pledged are: Ann Coleman, Mary Chick, Helen Dannemiller, Mary Elizabeth Rantz, Alice Sprague, Eugene Thompson, and Margaret Catton.

Miss Anna Sprague won the prize given by Mr. Roger Capron for the best original dramatic story. The prize was a book entitled "Paris."

The next meeting will be held May 4 in Miss Horsfield's home. At that time the pledges will be initiated into the club.

## SENIORS, NOTICE!

The sale of senior invitations will continue for four more days, 1-4 p.m., today, Monday, Tuesday, and Wednesday of next week, May 2, 3, and 4.

Seniors must place their orders on one of these days as only one order will be made. Sales are contracted in cash only.

Rings  
E. W. Roe of the L. G. Balfour company will be in the Administration building from 9 a.m. to 4 p.m., today. He will take final orders for senior rings.

## Exhibition Critics Praise Art Work Of U. K. Students

Etchings, Block Prints and Aquatints Shown in Cambridge

Work of some of the university art students has been highly praised by eminent art critics of Boston, following an exhibition of their work at the Cambridge school of Domestic and Landscape Architecture, at Cambridge, Mass. Albert Franz Cochrane, art editor of the Boston Evening Transcript, and Frederick B. Robinson, assistant director of the Fogg Art museum at Harvard University both praised the work.

The pictures on display were etchings, linoleum block prints, and aquatints. Special attention was paid to an aquatint by William D. Frazer, "The Vigil." Prof. E. W. Rannels, of the art department, under whom these students have been studying, has received letters from both Mr. Cochrane and Mr. Robinson complimenting "The Vigil." Mr. Cochrane stated: "This print displays an interest in humanity that escapes many more able technicians."

Other contributors to the display were Miss Mildred Shute, Ottumwa, Ia., landscape etchings; Miss Mabel Palmore, Lexington, and Miss Alza Stratton, Lexington, soft ground etchings; Miss Esther Greenfield, Lexington, aquatints; and Miss Ruth Mount, Lexington, linoleum block prints.

These pictures were put on display at the Cambridge School at the request of Dr. Henry A. Frost, director of the school who passed through Lexington last year and saw some of the work of the Kentucky students. He then asked Professor Rannels to send some of it to Cambridge for an exhibition.

## Journalists' Plans Near Completion

Theta Sigma Phi, Sigma Delta Chi Banquet To Be Held May 3rd

Plans for the Theta Sigma Phi and Sigma Delta Chi joint banquet to be held at the Lafayette hotel on Tuesday evening, May 3, are nearing completion, according to an announcement made yesterday by the committee in charge of arrangements. The speakers for the occasion have not yet been announced.

Both journalistic organizations have recently initiated, and the banquet will be in the nature of an initiation banquet for the new members. Members of the journalism department faculty will be guests. The organizations plan to establish this event as an annual custom, in continuance of a similar custom which existed some years ago but was discontinued in recent years.

Being similar in nature and purpose, Theta Sigma Phi and Sigma Delta Chi have cooperated on several projects during the past year, notably in the production and sale of the Kampus Kat, which is put out by the men's organization and sold by Theta Sigma Phi. Members of both organizations are active on campus publications and the policies of each group have been in most cases the same.

Committee in charge of arrangements for the banquet are: Emily Hardin and Virginia Nevins, Theta Sigma Phi, and William Shafer, John Watts and Adrain Daugherty, Sigma Delta Chi.

## Y. W. C. A. Holds Installation Service

Installation service of the Y. W. C. A. was held Tuesday, April 26, in Patterson hall. At this time the new officers and cabinet members officially received the positions of the retiring members.

The meeting opened with the professional "Father of Lights." In the absence of the retiring president, Eleanor Smith, who was out of the city, Augusta Roberts, Y. W. C. A. secretary, presided. She spoke on the purpose of the student Y. W. C. A. As a response, the freshman choir, accompanied by Katherine Cook, sang "Send Out Thy Light." This was followed by the lighting of the candles of the new cabinet members. During this part of the service, Frances Penn Miller played a violin solo. Katherine Jones, the incoming president, presided for the remainder of the evening. She accepted the responsibility for the incoming officers. "Follow the Gleam" was sung as the recessional.

## Bill Tilden And Cohorts To Play on U. K. Courts

## STUDENTS ASKED TO JOIN IN DRIVE

Women and Students Join Movement for Promotion Of International Peace

CHICAGO IS DESTINATION

University students have been invited to take part in a national "To Chicago" movement in June in the interest of the promotion of international peace, according to a letter received at the office of the dean of women from the promoters of the plan.

The object of the movement is to convince political parties, which will hold conventions in Chicago during June, that the women of the country and the students strongly believe in the movement for international peace. Delegates from the various states and the universities and colleges will assemble in Chicago and will be given hearings before the committees of both the Democratic and Republican parties.

The university has been asked, along with other universities, to organize a committee of several representatives to be present in Chicago June 14 at the opening of the Republican convention, and June 27 at the opening of the Democratic convention.

The movement among students for international peace, which has been increasing since the close of the World War, was represented in Geneva at the recent Peace Conference by James Green, a student who spoke before the conference, expressing the attitude of college students. A delegation of 39 appeared before the president in Washington as a demonstration of their attitude toward war, and it is expected that 1,500 will be present in Chicago in June.

The organizers of the movement hope to bring about the adoption of policies by both political parties in their campaign program for the next election for the promotion of international peace.

## Bullitt To Address Clay Law Society At Annual Banquet

The honorable William Marshall Bullitt, Louisville, prominent Kentucky lawyer, will be the principle speaker at the annual law school banquet which is to be sponsored by the Henry Clay Law society at the Phoenix hotel next Monday night.

The speaker is a great nephew of Patrick Henry and of Chief Justice Marshall. Since he received his law degree at Princeton university he has been very active in the field of politics and law. He is the author of several books on both state and national law.

Dr. Frank H. Randall of the law college will act as toast master at the banquet. A representative of each of the three year law classes will make a short talk preceding the main address. Plans are also being made for a short musical program.

The banquet is not limited to law students, but is open to all students of the university that care to attend. Those students of the commerce and the Arts and Sciences Colleges who are interested in law are especially invited to be present.

Tickets for the banquet may be purchased from any member of the committee in charge of arrangements or Miss Elizabeth Woods in the dean of laws' office. The committee is composed of Harry Stamper, Chairman, John C. Bagwell, Bert Howard, O. W. Schermeyer, and Dan Fowler.

## GUIGNOL STAFFS TO MEET

All persons desiring to work on the properties committee or the business staff for the next Guignol production, "Rebound," are requested to meet at 3 o'clock this afternoon, in the Art Center. The business staff will meet with Lillian Meacham at 3 o'clock in the business office of the Guignol theater, and the properties committee will meet in the Green room of the Art Center.

To Those Interested:  
In view of an undercurrent of criticism upon the campus, at the request of the Dean of Men, I made an investigation of the list of members submitted by the Sigma Alpha Epsilon fraternity for the computation of the report of the scholastic standing of social fraternities for the past semester. It is my opinion that this list was submitted by the fraternity in entire good faith and that it was substantially correct.

This investigation, though, has convinced me that the present system of handling this report is not as well organized as it might be.

Matches Will Be Played at 3 O'clock Today on Court Number Two

William T. "Big Bill" Tilden, greatest of tennis players, and his entourage will arrive in Lexington this morning and will give an exhibition of two singles and one doubles match at 3 o'clock this afternoon on U. K. court number two. Besides Tilden the party is composed of Hans Nusslein, professional champion of Europe, Roman Najuch, and Emmet Pare.

Wherever tennis is played, and that means in practically every part of the civilized world, Big Bill is known. He was recently rated as number one among professional tennis players, and rare was rated number five. In the golden age of American sports, the decade of 1920-1930, four names stand out: William Tilden, Bobby Jones, "Babe" Ruhn, and Jack Dempsey. It would be difficult to determine which of these is greatest, but certainly each is paramount in his sport.

Hans Nusslein, Berlin, has been termed as the tennis monstrocity. Not because he is by any means a circus freak, but because it is indeed rare for a sportsman to reach the heights of fame, and must now be recognized as one of the first five professionals in the world. He has developed a remarkable game, and possesses a flat cross-court forehand drive which is one of the greatest strokes in modern tennis. His racket work and speedy returns are marvelous.

Roman Najuch, great German professional, is an exemplified contradiction to any idea that a good tennis player must be of a graceful, lithe build. He is of the Falstaff build, measuring five feet 10 inches and weighing 190 pounds. In spite of this he is very active. His racket work is masterly, and he prefers to stand in a 12 foot circle and volley the ball accurately to vulnerable parts of the court. He is a good natured fellow who enjoys amusing his spectators as well as giving them an excellent exhibition of tennis.

Emmet Pare was with Tilden when the party appeared in Lexington last September. Like Nusslein he is very young, and has been out of school a very few years. He won the National Clay Court Championship in 1929, and in Tilden's estimation "he seems destined for mighty work." The secret of his success is the soundness of his game and the excellence of his stroke production.

Prof. Victor R. Portmann, who was co-holder of the doubles championship at Southern Minnesota a few years ago, will umpire the match between Tilden and Nusslein. Tilden defeated Nusslein in New York, April 18, 6-4, 6-4 in a hard fought contest. Mr. Whitney Dunlap, Pisgah, very prominent in tennis in the Bluegrass during the last few years, will umpire the second match between Pare and Najuch. Mr. Algan Wells secretary-treasurer of the Lexington Tennis club and a leader in the promotion of tennis, will umpire the doubles match between Tilden and Pare, and Nusslein and Najuch. Prof. Bill Heinz will act as assistant umpire and members of the university tennis team will serve as linesmen.

Admission to the match will be \$1 for reserved seats, 75 cents for general admission, 50 cents for students with their athletic books, and 50 cents for children.

## FOUR ARE GIVEN Y. M. C. A. KEYS

Robert Stewart, Robert Gilmore, William Shafer, and Fred C. Hafer Receive Awards for Service

Keys emblematic of outstanding service to the Y.M.C.A. were awarded to four members of the senior cabinet at the regular meeting Tuesday night in the "Y" rooms. Those receiving the awards were Robert Stewart, Morehead, retiring president of the organization; Robert Gilmore, wingsville, director of freshman work during the past year; William Shafer, Falmouth, editor of the 1931-32 "K" book, and Fred C. Hafer, Falmouth, business manager of that publication.

The custom of awarding keys to those who have contributed unusual service to the Y.M.C.A. was inaugurated six years ago by Bart N. Peak, secretary of the organization, and since that time only 11 keys have been awarded to members of the cabinet. To be eligible for a key, a cabinet member must have rendered outstanding service for four years, or must have contributed some unusual piece of work during a shorter period.

The number of keys which may be presented in a single year is limited to five, and this year marks the first time that as many as four have been given at the same time. Prof. Roy Moreland, of the College of Law, presided at the meeting Tuesday night, and presented Bart Peak, secretary of the Y. M. C. A., who made the announcement of the winners of the award.

DEAN EVANS TO SPEAK  
Dean Alvin E. Evans, of the Law College, will make the commencement address at the Heidelberg High school graduation exercises to-night at Heidelberg, Ky. His subject will be "Adventurous Youth."

### THE FEDERATION CONVENTION

As host to the Federation of College Students the university is presented with a unique and valuable opportunity. Not often is such an opportunity given to meet and discuss with representative students from other schools the problems which are common to all college campuses.

At the meetings of this convention such topics will be discussed as "Administration of Student Government," "Student Publications and Editorial Problems," a subject of especial interest in view of recent events in college journalism circles; "The Honor System;" "Military in Universities;" and other such controversial subjects. All of these problems are important ones on campuses wherever they may be and often seem impossible of solution until examples of plans which have been successful in other schools are presented. Friendly, earnest discussions and consultation, not among faculty members but among students themselves, cannot but prove an invaluable assistance and a source of inspiration to these students who are heads of administrative work on their respective college campuses.

Omicron Delta Kappa and the Men's Student council are to be congratulated on the elaborate program of entertainment which they have planned. The good will and understanding engendered by such hospitality will be, they can be sure, far-reaching in its effects and will be another step towards the eradication of petty college rivalries and the improvement of the college spirit throughout the South.

### "BIG BILL" TILDEN

From time to time during the past year the university has entertained distinguished visitors, noted as authorities in various fields. Today another one is added to the list in the person of William T. Tilden, probably the best-known tennis player in the world.

In this, his second visit to the university, "Big Bill" again gives the students the opportunity not only to see tennis as it should be played, but also to meet and observe one of the most interesting and winning personalities in the athletic world. With his entourage of distinguished players from this country and abroad, he presents an exhibition well worth the attention of every student, regardless of individual knowledge or interest in the game.

A vote of appreciation is due those who have been instrumental in bringing this opportunity to university students.

### WILL THEY?

"An honorary fraternity can be an infernal nuisance. . . ." — President McVey.

In presenting to students and faculty members his views of the func-

tionings of honorary fraternities on the Kentucky campus, President McVey opened with the foregoing words. The president was speaking during the April convocation exercises sponsored by Omicron Delta Kappa, national honorary campus leaders fraternity.

But the president did not continue without first adding explanation to his somewhat startling although well-founded generality. Doctor McVey divided honorary organizations into three groups; those fostering high ideals, definitely outlined and directed toward the promulgation of unbiased helpfulness for their members, for the student body at large, and for the university itself; those whose purposes are somewhat hazy, whose path sometimes strays from the purposed route into the side roads of individual gain, and those whose ideal path grows weedy from neglect as the slothful travelers bask in the sunshine of self-esteem.

As the president spoke, the incongruity of the situation was pronounced—but subtle. Was it truly incongruous? The president was addressing a convocation assembly, a convocation sponsored by Omicron Delta Kappa. He said that this fraternity has had its falls and its rises. It has. The president was right. Nevertheless, Omicron Delta Kappa is admittedly the outstanding popular honorary fraternity upon the Kentucky campus. Its activities from time to time have been most praiseworthy.

And now, the laughable, but uneasy-minded incongruity: The one organization which has proved its merit has been rebuked, and probably justly. Undoubtedly it will profit from Doctor McVey's address.

Will the others?

The days are warm and lazy,  
And spring is in the air.  
As I stroll along a country road,  
Slowly, without a care.

The leaves are budding on the trees,

That's why I've got road-fever—  
That's why I roam about.

For when the springtime rolls around,

That's when I get road-fever—  
And haunt the shady ways.

Hats off to the original peantern vender. He declares that one must use psychology in order to sell peanterns. And what it takes he hasn't got it. However, he does teach psychology, but his ability as a salesman is not the best.

The most mysterious and occult science of all times tells us that a good psychologist can read your palm. If you don't believe it just stick your hand out to this man. He never refuses a handout. Besides a palmist, he is a chrysalis gazer and tea leaf reader extraordinary. He says that palm reading is an art just like chewing tobacco or running for May Queen.

The first thing to look for on a hand is fingers. If there are no fingers, it is evident that the person has been playing with a lawnmower. The next thing to look for is a ring. If you see the initials C. S. you immediately know that the owner's name is Coephus Skaggs. The absence of a ring on a woman's hand denotes that she is either a widow, is under fifteen years of age, or is broadminded. A man without a ring will be a great lover of bananas and will have a hard time keeping his old razor blades away from the rest of the family. His favorite games are Hop Scotch, Postoffice, Duck on The Rock, and Peter Coddies.

A ring on a man's hand signifies that he grows a small garden of radishes and weeds, chews his tobacco twice, and seldom goes to church unless he happens to be on the fire department and the church catches fire. He will also stay away from home on the nights his wife has kidney stew for dinner.

When Woolworth was a little boy he went to this man to have his palm read. First he showed him one hand and then the other. Immediately our palmist said, "Five and Ten." The hint was enough for Woolworth. He made a fortune by it. You, too, can read palms. The next time you are introduced to a person, look at his or her hands. They will tell a story. And if the hands are dirty—Ah! Ah! You will have to use your imagination. Who is this man?

Miracles will never cease. Strollers undoubtedly remain amateurs but their presentation of "Good News" certainly was entertaining. After viewing the dress rehearsal Tuesday night I was positive the show would flop, but the comedy proved to be one of the best I've seen in a long time.

Of course, there was Signu Paul Williams. The ed ran away with the honors. And Treydel Louise Johnson. I never cared for husky voices, but that lady can dance and husk

During rehearsals the deans decreed chaperones. And there she sat, in a back row seat, minding her peters. On stage Williams and Treydel Otis Weathers struggled to perfect their necking scene. The chappy soon queried whether she, too, wasn't needed on stage.

Last year Delta darling Justine White filing her Stroller application modestly described herself as a "beautiful blonde."

Speaking of Prom Queens, have you piped the new puffer Independent Boss Sid Shell is teething nowadays? It's all very politic. Independents and Treydels worked together on the Prom Queen problem. Treydels got the Queen; Shell, the pipe.

During the festivities of the elections, Tridels promised Alfagams that they would have the May Queen if that lodge should prompt the Trio in the earlier election. Just between us ladies the Trio tried to take both.

In case you have forgotten, here are the Sullivan Medallion predictions: For the eds, Alfataw Doc Wise should be on his medal; the ettes, Alfazee Lizzie Poole.

### ROAMIN' THE RIALTO

#### The Misleading Lady

The current attraction at the Kentucky theater is "The Misleading Lady," starring Claudette Colbert and Edmund Lowe. The picture was written by Charles W. Goddard and directed by Stuart Walker.

The production contains all the elements of fine entertainment, comprising generous portions of romance, thrills, action, mystery and comedy. It relates how a girl dupes a man into a proposal to prove that her sex appeal is worthy of glorification in a certain role which she cherishes. She gets the proposal but scorns the proposer. She is kidnapped, chained up in a mountain cabin, and tamed. Unknown to either captive or abductor, the place is the hideaway of a dangerous lunatic. Two inebriates with a mystery on their tongue-tips, an irate lover bent on avenging the kidnapping, a determined reporter, and keepers of a nearby asylum are involved in the developments, which should satisfy the most critical movie-goer.

Stuart Erwin is "Boney," the madman. Other roles of prominence are taken by George Meeker, Selena Royle, and Robert Strange.

#### Sky Devils

Howard Hughes, who made the great air epic, "Hell's Angels," has just released another air picture, "Sky Devils," which will be seen at the Strand theater Saturday.

The story of "Sky Devils" is based on the adventures of three American flyers during the World War played by Spencer Tracy, William Boyd, and George Cooper, with abundant heart interest supplied by Ann Dvorak.

The American air men get into the flying service accidentally, and of course, humorously; and their experiences in training camps and in air battles over the Western

## "Hello, Hawaii"

Bringing Hawaii within speaking distance of the United States is one of the latest achievements of the Bell System in its program of telephone service extension.

Five years ago the United States had telephone connection only with Canada, Cuba, and the Mexican border. Since then, Bell engineers have so developed radio telephony that handling calls to Europe, South America,

Australia, Bermuda, Samoa, and Hawaii is daily routine. Today more than 31,000,000 telephones can be reached—approximately 92% of all the telephones in the world!

Making the telephone practically worldwide in reach promotes understanding between nations. It has far reaching effects commercially and politically. That's what puts the thrill into such Bell System pioneering.

**WINGS AND WISHES**  
If I were having wishes,  
I'd wish for wings.  
I think that butterflies  
Are such lovely things.

They go so lightly, lightly  
On their airy way,  
It doesn't seem to matter  
If they go or stay.

Fancies have frienly faces,  
Where the rainbow clings;  
But if I were having wishes,  
I'd wish for wings!

Salyers, Virginia Nevins, Emily  
Hardin; Messrs. Dan Goodman, Bill  
Schafer, and Adrian Daugherty.

## Spanish Club Banquet

The Spanish Club is planning to  
give a banquet, May 19, at Chalmers

Corner. An unique menu will be  
composed entirely of Spanish food.  
Following the banquet there will be  
an interesting program of songs and  
Spanish dances. The committee in  
charge includes Banker White, Alice  
Frances, Hal Bencomo, and Emily  
Hardin.

## High School Trackmen

Approximately 300 boys from 17  
different high schools in the state  
will be here Saturday for the High  
School track meet on Stoll field.  
They will be entertained by the var-

## 'Sunny' Day Wins Sir Herbert's Contest

John F. "Sunny" Day was select-  
ed as winner of the \$10 prize  
offered by Sir Herbert Ames for the  
best journalism story of his address  
delivered before the Women's club  
of Central Kentucky at 3 o'clock  
Saturday afternoon in the gold room  
of the Lafayette hotel. The subject  
of Sir Herbert's address was "A  
Great Experience in Reconciliation."

Stories of the address were sub-  
mitted by several students in the  
journalism department. According  
to Sir Herbert's letter a story sub-  
mitted by Mary Alice Salyers was  
a very close second to the winning  
story.

"Sunny" Day is a member of the  
university band and the sports staff  
of The Kernel. He is a sophomore  
in the College of Arts and Science,  
and is majoring in journalism.

of the Ohio Colleges and Secondary  
Schools," will be Professor Loops'  
topic.

The conference will be under joint  
auspices of the United States De-  
partment of Education and the uni-  
versity.

## Former Student Gets Position With Curtis

O. B. White, former student  
at the university and a journalism  
major, recently has accepted a po-  
sition as district superintendent of  
circulation for the Curtis publish-  
ing company, with headquarters at  
Huntington, West Virginia.

Mr. White will be in charge of  
the circulation of all Curtis pub-  
lications in the territory surrounding  
Huntington, West Virginia, and  
Ashland, Kentucky. He was ap-  
pointed to this position in consid-  
eration of his executive ability demon-  
strated during the four-months pe-  
riod which he has been connected  
with the publishing company in the  
capacity of local circulation man-  
ager in Lexington.

The engagement will be a 36-hole match consisting of two four-ball matches and four two-ball matches. The foursomes will begin at 9 o'clock in the morning, and the twosomes will be started at 2 o'clock in the afternoon.

The matches will be played under amateur rules and the point system is used in determining the winner. One point is allowed the winner of each nine holes and each 18 holes. This makes a possibility of a total of 18 points for the engagement, with the team making the largest number winning.

The officials of the Lexington Country Club have been very generous in granting the privileges of the course to the university team. They have allowed two practice days a week and all matches without charge.

The next contest at home will be with the University of Cincinnati, May 14. Two matches have been scheduled with Dayton University, but the dates are tentative at present.

## Spanish Club Plans Students' Banquet

A banquet, under the auspices of the Spanish club, is being planned for May 19. The dinner, which will close the activities of the club for the semester, probably will be held at the Chimney Corner tearoom, and all advanced Spanish students are invited.

An elaborate program is being planned by the committee. The chief event will be the announcement of the students who have fulfilled the requirements for the Inner Circle or "El Circulo de los Conquistadores" of the club. In addition to the regular menu, Spanish dishes are being imported for the occasion. The committee in charge of arrangements is, Banker White, president of the organization, Alice Frances, Hal Bencomo, and Emily Hardin.

## 50,000 WATT TRANSMITTER

A new, more powerful, 50,000 watt transmitter will be installed in the WHAS studios and will be completed by August. The new Western Electric transmitter will replace the present one of 10,000 watts. Although the license issued to the WHAS studios is for 25,000 watts, it is believed that the license will be raised to 50,000 watts to permit the operation of the new transmitter.

## U. K. Loan Fund Aids 70 During Semester

Approximately 70 students were aided by the student loan fund last semester, and, despite rumors to the contrary, the fund is in excellent condition, according to an announcement from the office of Prof. W. S. Webb, chairman of the loan fund.

The refusal of loans to many students has been made, not because of lack of funds, but because of the failure of students to make standings the previous semester, or because of insufficient actual need of aid from the fund.

No large amounts of money are being paid into the treasury at present, due to the fact that most of the borrowers are able to pay only the interest on loans, and have asked for extensions of time for the payment of the principal.

## Alumni Publication Makes Appearance

The April number of Kentucky Alumnus, official publication of the Alumni association, was completed and printed this week. The cover, "Track Watch," by Miss Mildred Shute, was sketched for us in the magazine, "Letters," published by the English department, while the back cover page of the Alumnus bears a copy of the stickers which will be distributed to advertise the university summer school session.

In view of the reunions planned for alumni in June, several news articles and an article on the editorial page are devoted to the subject of class reunions. Other articles of general interest include a review, "The Kentucky Track Season—So Far," by Cameron V. Coffman, a brief sketch of plans for the trip around the world to be made by Dr. W. D. Funkhouser, and news of current happenings on the campus.

## Wildcat Trackmen Trim Berea Outfit

(Continued from page One)  
hurdler almost over night, so to speak, and with several years' of experience, should develop into one of the best timber troopers to represent the university.

Johnny Mains' record shot put of 43 feet 3 and one-half inches came as no surprise to those who have been watching the chubby Minerva boy all season. His form is almost faultless and he has little difficulty in performing his task. Several times in practice he has almost reached this distance, and Coach Shively believes he will do much better before the Conference meet in Birmingham. Culbertson of Berea took second and John Epps, Kentucky, was third.

John Epps surprised with a win in the discus with a nice flip of 112 feet, 7 inches. Andrews, and Husk, of the Big Blue, finished second and third to make this event a clean sweep.

"Sealy" Roberts continued to take first place in the high jump with a height of 5 feet, 11 inches. Combs took second place for the visitors and Porter tied for third with

Wyatt of Berea. Kercheval made a nice leap of 21, 7½ inches in the broad jump and won easily. Porter was second and Hubble third to make it three places for Coach Shively's men in this event.

Porter showed the best form he has displayed in two seasons to win the pole vault from Bennett of Berea and Hubble; height, 10 feet, 9 inches.

Kercheval tossed the javelin 162 feet, 2 inches to gain his third first place; while Culbertson and Taylor of Berea took the other two places.

The Wildcat relay team showed good form in winning their second relay of the season. Carter got off to a nice start and gave Hickey a five yard lead, which he held successfully. Milliken, premier quarter-miler on the Big Blue squad, opened up and was 20 yards in front when he passed the baton to Mahan, the 'Cat anchor man. He won going away to make the team's time for the mile 3:43.5.

The results and summary:
